As a lawyer with over 12 years of experience, I bring a unique perspective to software development blending analytical rigor with strong problem-solving skills. My self-taught journey over the past 3 years, mastering Python, HTML, CSS, and JavaScript, has fueled a new passion for technology. This transition allowed me to tackle challenges with a fresh approach, combining legal expertise with technical proficiency, and positioning me to deliver innovative solutions in the evolving digital landscape.

WORK EXPERIENCE

BairesDev, LLC   **San Francisco, California**
Legal Counsel   *April 2022 – July 2024*

- Maintained a 100% SLA on contract drafting, negotiation, and delivery.
- Led several projects regarding team metrics analysis, reports for management, and analysis of Jira ticket handling.
- Propose and implement a project to reduce average delivery times for contracts, leveraging automations with software.

Cortina, Tagle & Isoard   **Queretaro, Mexico**
Legal Counsel   *September 2020 – April 2022*

- Implemented an internal compliance and corporate governance policy to handle Personal Information for clients and employees.
- Proposed and implemented an SVN for handling the company's internal documents, reducing delays in handling paperwork.

PROJECTS
